NATIONAL CONFERENCE

(Under IQAC)

ON

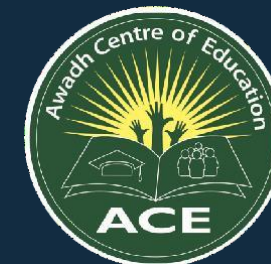

“

ARTIFICIAL
INTELLIGENCE-
A NEW DAWN
IN EDUCATION

”

30th JANUARY, 2024, 11:00 A.M. ONWARDS

Organized by

Institute of Vocational Studies

(Recognized by NCTE and Affiliated to GGSIPU & SCERT Delhi)

About Institute of Vocational Studies

The best form of human empowerment is education and with this vision, Institute of Vocational Studies thrives on the philosophy of imparting Millennium Development Goals, encompassing spiritual awakening, physical conditioning and psychological transformation.

The Institute is committed to provide quality education to all. The key areas for thrust is on strengthening the capacity of its individuals, providing skill based education, gender equality, building and shaping the attitudes and behavior. Here, at Institute of Vocational Studies, we believe in bringing excellence in all our endeavors.

Vision and Mission

Awadh Center of Education (ACE) is emerging as one of the leading providers of the professional education in the country. The ACE has so far worked with vision and objectives to develop manpower and empower the educationally weaker section of the society making them self-reliant enough to participate in the process of national development.

- To establish institutions to impart quality education to all [socially backward and minority communities in particular] to make them employable and respectable citizens.
- To develop trained manpower for support and treatment of persons with disabilities.
- To develop trained manpower in information technology.
- To develop manpower for education as qualified teachers for participating in "Sarva Shiksha Abhiyan".
- To transform the youth in getting trained and educated & make them self-reliant and capable of showing direction to others.

About the Conference

As the education sector continues to evolve, AI and other innovative technologies are set to play an increasingly crucial role in ensuring high quality education to all. Superbly advanced technique of Artificial Intelligence (AI) is revolutionising the education system globally. Higher education in India is being significantly impacted by AI which is progressively establishing its repute in school education too with an expectation of new opportunities of growth and progress

The NEP 2020 places a strong emphasis on the need for personalized learning since it acknowledges that children have a variety of learning styles, interests, and aptitudes. The use of AI, remote learning platforms, and student skill development aligns with the goals of NEP 2020 and can help in realising its vision. AI is enabling personalized learning by using machine learning algorithms to analyze data about each student's learning style, strengths, and weaknesses. AI-powered learning platforms can recommend modified learning paths and content, allowing students to learn at their own pace and in a way that suits their individual learning needs. This could improve the student's motivation, engagement, and learning outcomes. Hence, the purpose of the Conference is to highlight, discuss and explore the paradigm shift in education introduced by AI in different areas and aspects of education, challenges lying and ways to get adapted with AI.

CALL FOR PAPERS

THEME

"Artificial Intelligence - A New Dawn in Education"

SUBTHEMES

- Emerging Trends of Artificial Intelligence in Education
- Formulation of Artificial Intelligence in NEP 2020
- Artificial Intelligence and Futuristic Schools
- AI Substituting Teacher in Classroom Teaching
- Assessment and Evaluation by using Artificial Intelligence Tools
- Exploring new paradigms of Sustainability in collaboration with Artificial Intelligence
- Contribution of AI in Accommodating with Innovative Pedagogies
- Obstacles and Challenges in Adopting Artificial Intelligence in Indian Classrooms
- AI Tutoring vs. Online Education
- Virtual Learning and Chat GPT- A Way to Artificial Intelligence
- AI and Global Employment Opportunities
- Role of Artificial Intelligence in Promoting Inclusion
- Paradigm Shift from Traditional Classroom to Technology based Classroom
