Vision & Mission of IVS

The best form of human empowerment is education and with this vision, Institute of Vocational Studies is committed to provide quality education to all. To accomplish its goal, the IVS aims to provide mindfulness practices that can also improve students' academic life, besides, educating the socially backward and minority community. Here, at Institute of Vocational Studies, we believe in bringing excellence in all our endeavors. This initiative in future will act as a buffer against the depressive symptoms associated with discrimination and can help an individual express their character strength in a balanced way.
