

Report On Pidilite Tie And Dye Activity

21st March 2025

The Institute of Vocational Studies organized a vibrant and creative Pidilite Industry limited Tie and Dye Activity under the esteemed guidance of Principal Dr. Mandira Gupta .

B Ed 1st and 2nd year students actively participated in this engaging Co-Curricular Activity (CCA), which aimed to enhance their artistic skills and promote innovative fabric designing techniques.

The event was conducted under the expert supervision of Ms. Shivangi Singh and Ms. Rajni Jain, who guided the students through the intricate process of tie and dye using Pidilite colors. Participants enthusiastically experimented with different folding, tying, and dyeing techniques, creating unique and colorful fabric patterns. The hands-on experience allowed students to explore the principles of color absorption and fabric manipulation, fostering a deeper appreciation for handmade textile art.

This initiative not only encouraged artistic expression but also emphasized the importance of sustainable fashion by promoting the use of eco-friendly dyes and fabric recycling. The activity served as a platform for students to develop their craftsmanship while fostering a sense of teamwork and collaboration.

The Pidilite Tie and Dye Activity proved to be a resounding success, enriching the learning experience and inspiring students to explore new dimensions of creativity. It also reinforced the institute's commitment to holistic education, equipping students with practical skills that can contribute to their personal and professional growth. Such initiatives play a vital role in nurturing well-rounded individuals capable of making meaningful contributions to the field of education and the creative industry.
