

INSTITUTE OF VOCATIONAL STUDIES

Cleanliness Awareness Program

11th August, 2025

The cleanliness awareness program conducted by IVS was a successful initiative that not only informed but also inspired the community to take active steps toward maintaining a cleaner and healthier environment. Continued efforts and community involvement are essential to sustain the momentum and truly achieve the vision of a Swachh Bharat.

All the students pasted the instructions for keeping the garden area, fountain area, park, canteen area clean such that the environment of the country's can be kept clean and this becomes a habit for the students forever.
