

REPORT ON E-WASTE ACTIVITY 25TH SEPTEMBER

The Institute of Vocational Studies organized an E-Waste Activity on 25th September under the esteemed guidance of Dr. Mandira Gupta, Principal-IVS.

The activity aimed to create awareness about the hazards of electronic waste and the need for its proper disposal. Both teachers and students actively participated in the initiative. Students brought discarded electronic items such as old mobile phones, chargers, batteries, and other e-waste collected from their homes. Teachers also contributed by bringing e-waste materials to support the cause. This collective effort not only emphasized the importance of responsible recycling but also encouraged eco-friendly practices within the campus. The activity proved to be a meaningful step towards promoting environmental sustainability and instilling a sense of responsibility among the participants.
