

Role Play on “The Importance of Cleanliness”

Date: 10th September, 2024

An educational role play was conducted by the students of IVS on the theme “The Importance of Cleanliness” The purpose of this activity was to make students aware of hygiene, encourage teamwork, and develop communication skills through experiential learning.

Objective

- To create awareness about personal and environmental cleanliness.
- To promote values of responsibility and cooperation among students.
- To improve confidence, speaking skills, and creativity.

Description of the Role Play

The role play depicted a scenario in a classroom where some students were careless about throwing wrappers and littering the Institute premises. Teachers and classmates intervened, showing the consequences of unhygienic practices such as diseases and poor Institute environment. The drama highlighted solutions like proper waste disposal, use of dustbins, hand washing, and collective responsibility for maintaining a clean campus.

Characters included:

Students (both careless and responsible)

Teacher (guiding figure)

School helper (safai karamchari) emphasizing the importance of respect and shared duty.

Outcomes

Students realized the harmful effects of neglecting cleanliness.

Participants displayed enhanced confidence and team coordination.

The audience learned through an engaging and memorable performance.

Conclusion

The role play was successful in conveying the message that “Cleanliness is everyone’s responsibility.” It not only spread awareness but also developed essential life skills such as cooperation, empathy, and problem-solving among the students.
