Say No to Tobacco Awareness Rally

27th January, 2025

(Under NSS)

The "Say No to Tobacco" street awareness campaign conducted by Institute of vocational studies is a valuable initiative aimed at educating the public about the harmful effects of tobacco use. Through this campaign, IVS seeks to raise awareness on the health risks associated with smoking and tobacco consumption, such as lung cancer, heart disease, and respiratory problems. The goal is to encourage individuals, especially youth, to make informed choices and avoid the dangers of tobacco.

The street awareness campaign typically involves distributing informational materials, engaging in conversations with people, and organizing events or activities that highlight the negative impacts of tobacco use. By promoting a tobacco-free lifestyle, IVS hopes to reduce tobacco addiction and contribute to public health improvement in the community.

This initiative is essential in the fight against tobacco-related diseases and promotes healthier living for all.

Here are some potential slogans that students could raise during the "Say No to Tobacco" street awareness campaign:

1. "Tobacco is a Trap, Say No and Stay Free!"
2. "Breathe Easy, Live Healthy—Say No to Tobacco!"
3. "Your Life, Your Choice—Choose Health Over Tobacco!"
4. "Smoke-Free is the Way to Be!"
5. "Say No to Tobacco, Say Yes to Life!"
6. "Kick the Habit, Save Your Future!"

These slogans aim to grab attention while encouraging positive behaviour and a healthier lifestyle. Students raising these slogans can help make a strong impact on the community's awareness and attitude towards tobacco use.
