Phone Number: 9717807222

ABOUT IVS

Institute of Vocational Studies is engaged in Professional Teacher Education and Training Programme. Our institute is active center for preparing teachers for 21st century who are dynamic and progressive in their approach. Our main aim is to prepare more Humane Teachers which is the need of the hour for which we are continuously engaged in research activities for solving the educational problems and dilemmas faced by teachers and teacher educators from time to time. Thus Faculty Development Programme is an integral part towards attainment of Institute's vision.

ABOUT THE FACULTY DEVELOPMENT PROGRAMME

In a learner-centric framework of education, **Competency-Based Assessment (CBA)** emphasises the evaluation of learners' knowledge, skills, attitudes, and real-world

application rather than rote achievement. This Faculty Development Programme aims to enhance participants' understanding of competency-based assessment models and their effective integration with advanced pedagogical styles. The programme is designed to equip academicians with practical insights into aligning learning outcomes with authentic assessment strategies that measure higher-order thinking, problem-solving, and performance-based competencies.

Furthermore, the FDP will assist educators in redesigning instructional practices, assessment tools, and curriculum structures to ensure holistic learner development. It also highlights the importance of adopting innovative and contemporary pedagogical approaches such as experiential learning, blended learning, and technology-enabled instruction to strengthen competency-based assessment practices and improve overall teaching-learning effectiveness.

OBJECTIVES OF FACULTY DEVELOPMENT PROGRAMME

- To impart knowledge about competency-based learning and assessment strategies aligned with learner performance and skill mastery.
- To enhance participants' understanding and practical proficiency in competency-based teaching, learning, and evaluation practices.
- To provide training in designing competency frameworks and performance indicators for various courses and disciplines.
- To develop an understanding of the process of identifying, defining, and measuring learner competencies.
- To understand the alignment of competencies with curriculum goals and learning outcomes.
- To identify and utilize digital and technology-enabled tools for effective competency-based assessment.
- To plan and implement authentic, formative, and summative assessment techniques to evaluate competency attainment.

KEY TOPICS

- Use of Digital Technologies to Support Competency-Based Assessment and Advanced Pedagogy
- Competency-Based Education (CBE): Framework and Core Principles
- Alignment of Competencies with Learning Outcomes and Curriculum Goals
- Designing a Balanced Question Paper for Assessing Learning Outcomes
- Assessment Techniques in Competency-Based Learning (Rubrics, Portfolios, Performance Tasks, Peer and Self-Assessment)
