

FEEDBACK ANALYSIS AND ACTION TAKEN REPORT FROM THE STUDENTS (2025-26)

Students are the real beneficiaries of the curriculum implemented and effort made by the institution in its effective implementation. Hence, a feedback was taken from the students about the implementation of curriculum and other aspects in 2025-26. The findings of the students' feedback, collected and summarised the action taken by the college, is given below:

Graphical Representation of the analysis of the feedback from students

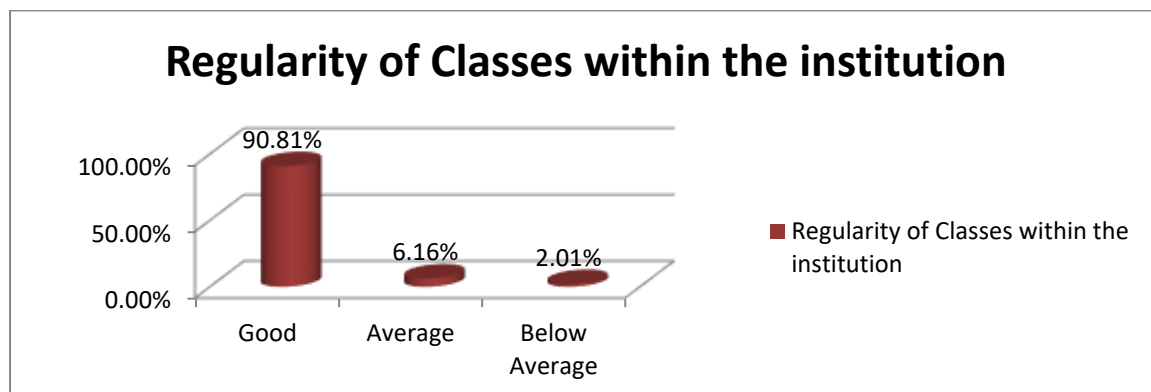

The collected data has been depicted through graphs on various aspect of the feedback taken from the students on implemented curriculum. The question-wise description of the feedback is mentioned below:

1-Teaching Environment within the Institution is

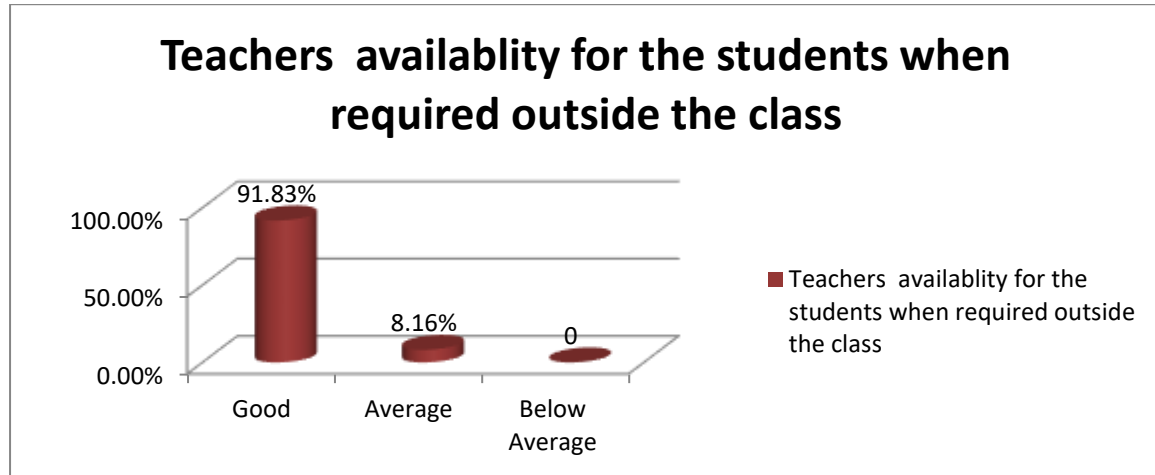

Majority of the student responded that the emphasis of curriculum on development of skill is good and few responded in favor of average and the responses were almost negligible for below average category.

2- Regularity of Classes within the institution is

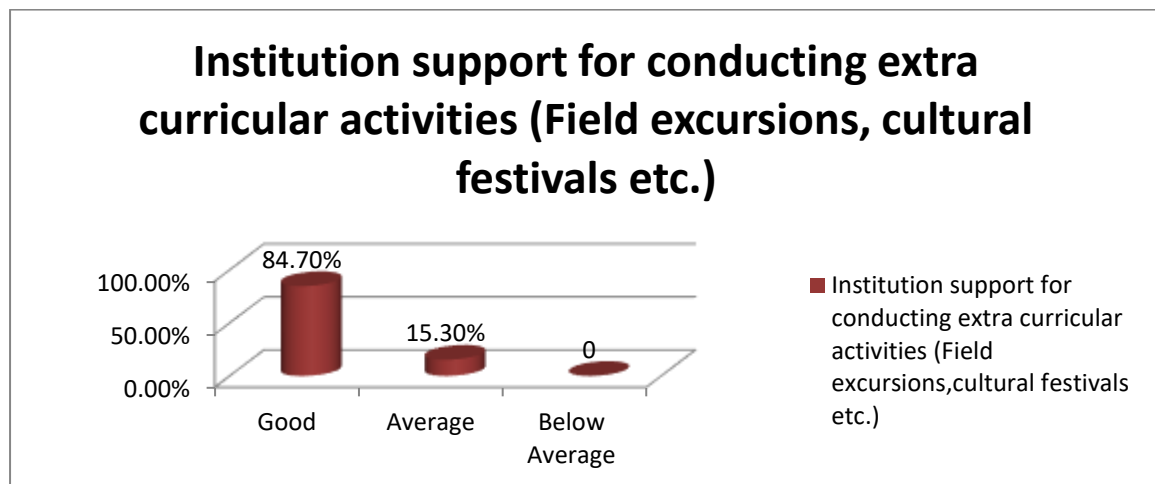

Majority of the students responded that the classes are held regularly. There is no response in favour of below average category and only few has supported the category of average which shows that students have no issue with regularity of the classes.

3-Teachers availability for the students when required outside the class

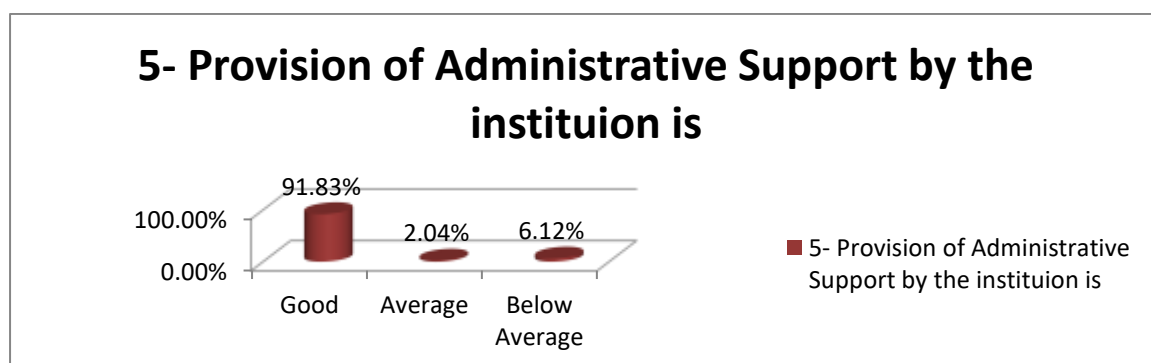

Majority of the students supported the statement that teachers are available outside the classroom, when required. Only few responded average. There is no taker for the category of below average.

4-Institution support for conducting extra-curricular activities (Field excursions, cultural festivals etc.)

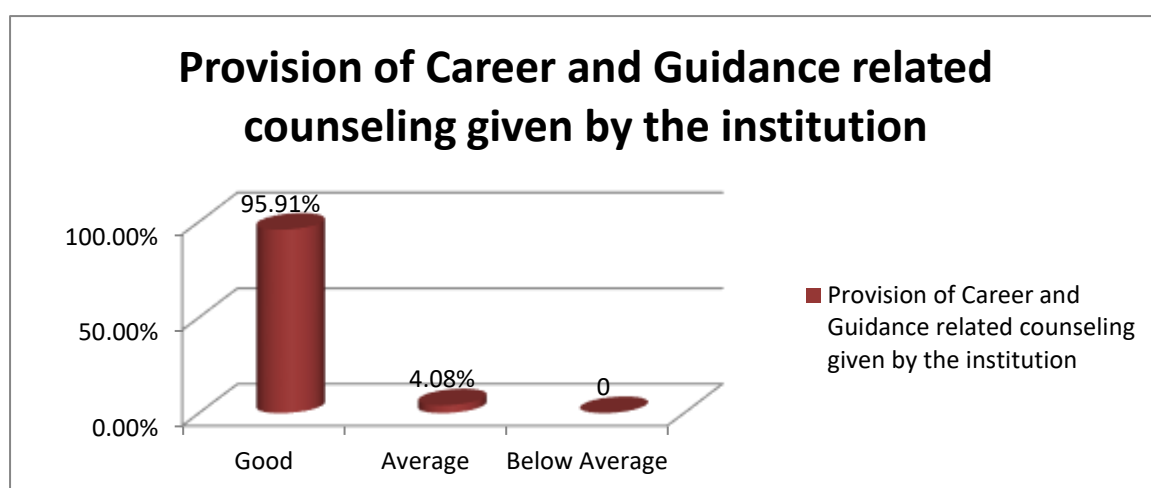

Majority of the student responded that the institute conduct various co-curricular activities apart from curricular activities. There are only few responses where student perceived that its average.

5- Provision of Administrative Support by the institution is

Majority of student responded that the institute's administrative support is good. Very few reported that its average. However, no student said its below average.

6-Provision of Career and Guidance related counselling given by the institution

Majority of students responded that the institute provides career and guidance related counselling and they favour it, while very few rate it average. No one responded it of below average.

ACTION TAKEN ON THE BASIS OF FEEDBACK RECEIVED FROM THE STUDENTS

- Teachers were instructed to complete syllabus a week prior to their internal as well as external examination.
- Workshops, seminars and extension lectures (online & offline) were continued to be organized for developing skill among students.
- Students provided the access to e-content, special lecture from eminent speakers to cover content of the curriculum (Units/ Topics/ Modules/ Teaching Aids etc.).

- Students were encouraged continuously to take part in co-curricular by organizing cultural events for the students.
- Teachers were directed to provide academic support (through PDF share, Delnet access, tutorials etc.) to students who are weak and have certain issues.
- Institute organizes workshop for professional and continuous development of the students such as CTET workshop, CV construction workshop etc.
- Institute has professional Counsellor who take sessions regularly for the students and resolve issues related to their career and counselling
